

High Speed Budget Overhaul

## Description

### High Speed Budget Overhaul

High Speed Budgeting is a mini check-up that will quickly review your business budgeting tools and processes making sure you can get them working in every way possible to assist you, rather than hinder you – highlighting any blind spots in your business; pinpointing any areas needing to see some TLC. OR if you don't have a budget we can use this time to get you started....

**A budget is a listing of what you intend to earn and spend, usually during the next financial year – it should outline what you want to get done in your business in monetary terms.** If you don't make the resources available to fulfill your goals how will you get there? This is why having a budget is so vital.

**During this meeting we will uncover at least 3 ways you can significantly improve your decision making within 8 weeks. This new knowledge will help you improve your profits, reduce your costs, unlock cash-flow and boost your business success!**

## Details

After we cover some background (Business status, size, age, industry etc) we will discuss and improve your budget:

- Embrace your Budget as a reference for making profitable decisions
- Analyse your existing budgets, and accounts for errors, and improvements
- Assess the ability to upgrade your Simple Budget to enable better forecasting (Rolling Budget)
- Communicate with your book-keeper and accountant more effectively about planned business decisions and needs
- Save financing fees

Each High Speed Budgeting session is one hour of expert review and advice, over the phone/zoom:

- 25 minutes to understand your current business and budget situation
- 25 minutes for recommendations development
- 10 minutes for review and confirmation of your Next Steps

Giving you the outcomes and advice you need to incrementally assess, then target the under-performing aspects of your business one step at a time.
